Dear Sir,

As we have the honour to know you personally and as we know your great kindness and amability, we take the liberty of asking you a great favour. We are old and sorrowfull parents and should be very thankful to you if you could grant a fitting position to our son John Bauer as soon as possible. We also beg to ask you, not to send him back again to Germany or Budapes or let him go. He was too long here last time and he cannot get a good impression of his many acquaintances,

besides we are anxious for his
benefit on earth and in eternity.

Finally we beg to ask you
to kindly consider this letter like
a confessional secret and not
to mention a word to John,
so as to avoid trouble and
animosity.

Hoping that you will have
the great kindness to consent to
what we have ventured to
ask you and that you will
excuse we have applied to you
we remain

Yours respectfully
J. Bauer in faith.
